Episode 8

~~The Piggy's Adventure~~

In the aeroplane - Stanley looks down, sees Scolah's danger, swoops down - a rope is dropped to her, she seizes it, is jerked into mid-air just as the lions leap at her. Michael pulls her up to the plane.

Garbo gets a cavalcade ready and starts south in pursuit.

Stanley's gasoline gives out and he descends. He comes to a village of the Hanging Gourds. Here are big huts hanging from overhead branches of trees. They are shaped like large pears and rope ladders hang down from each one.

The new animals find the pigmies friendly and learn the hanging gourds are built to protect the piggy tribe from alligators that infect the place.

The alligators swarm up and all take to the gourds. Scolah is caught and about to be killed by an alligator when Stanley swings from the nearest rope ladder and rescues her.

Garbo's expedition of elephants arrives. One elephant is under a gourd used by the three fugitives. At night they descend to the animals back by use of the rope ladder - the elephant carries them away safely. Later they stop to rest and eat.

Scolah is trapped in a cave and Stanley looks up in time to see a big leopard about to leap at her.
